

STEVEN AZIAVULA MIDEGA

Nairobi, Kenya | +254 702 284 867 | stevenaziavula14@gmail.com

Portfolio: steven-portfolio-hxc6.onrender.com

PROFESSIONAL SUMMARY

Software Developer with hands-on experience in full-stack application development, backend systems engineering, REST API design, relational database management, and cloud deployment. Proficient in Python, PHP, Kotlin, and MySQL, with a track record of designing and delivering production-ready systems from concept through deployment. A fast learner with strong problem-solving instincts, leadership experience, and the ability to work independently or coordinate effectively within a team. Currently pursuing Cisco Cybersecurity and Microsoft AI Fundamentals certifications to broaden security and AI expertise. Available full-time and immediately.

TECHNICAL SKILLS

Languages: Python, PHP, Kotlin, HTML5, SQL

Backend & APIs: Flask, REST API Design, JSON Handling, Server-Side Logic, Authentication Systems

Mobile Development: Kotlin, Android Studio, Native Android App Development, Full App Lifecycle

Databases: MySQL, Relational Schema Design, CRUD Operations, Query Optimization, Indexing, Data Integrity

DevOps & Cloud: Git, GitHub, GitHub Actions, CI/CD Pipelines, Vercel Deployment, Automated Deployment Workflows

Cybersecurity & AI: Cisco Cybersecurity , Microsoft AI Fundamentals, Data Protection Fundamentals

Collaboration & Delivery: Cross-Functional Team Leadership, Agile Project Delivery, Technical Documentation, Communication

Tools: VS Code, Android Studio, Postman, GitHub

PROFESSIONAL EXPERIENCE

Team Lead — Software Development Projects 2023 – Present

- Led cross-functional teams of 3–5 developers across 4 full-stack projects, managing delivery from requirements gathering through deployment.
- Facilitated structured code reviews and enforced coding standards, improving code quality and reducing post-review defects.
- Resolved technical blockers across backend, database, and mobile workstreams to keep project timelines on track.
- Presented project outcomes and technical decisions to academic panels, building strong professional communication and documentation skills.
- Coordinated distributed team schedules and task ownership, maintaining delivery momentum under real deadlines.

TECHNICAL PROJECTS

Freshify — Service Management System (Android & Web)

Kotlin · PHP · MySQL

- Designed and built a full-stack mobile and web platform with real-time order tracking and an admin management panel.
- Implemented secure user authentication and scalable database management supporting concurrent users.
- Applied MVC architecture and clean-code principles, producing a maintainable, fully documented codebase.
- Managed the complete development lifecycle from requirements through design, testing, and deployment.

SABOOK — Social Networking Platform

PHP · MySQL · REST API

- Engineered a multi-feature REST API backend supporting user authentication, a news feed, and community features.
- Designed a normalised relational database schema optimised for concurrent data operations.
- Produced comprehensive technical documentation for all API endpoints and data models.

Cloud Storage Application

Python Flask · GitHub · Vercel

- Built and deployed a secure file-upload and management system using Python Flask.
- Configured a GitHub-to-Vercel CI/CD pipeline, automating production deployment on every code merge.
- Implemented access control, input validation, and security best practices throughout the application.

Student Records Management System

Python · MySQL

- Developed a CRUD application using Python with OOP principles and relational database design.
- Implemented data validation and integrity constraints, with clean separation of business logic.

EDUCATION

Bachelor of Science in Software Development

2023 – Present (Expected 2026)

Nairobi, Kenya · Year 3 of 4

Relevant coursework: Data Structures & Algorithms, Object-Oriented Programming, Database Systems, Web Development, System Design, Software Engineering, Computer Networks.

Kenya Certificate of Secondary Education (KCSE)

2022

Mbaikini High School, Wamunyu, Kenya · Mean Grade: C+

CERTIFICATIONS

- Cisco Cybersecurity
- Microsoft AI Fundamentals

ADDITIONAL INFORMATION

Nationality: Kenyan

Languages: English (Fluent), Kiswahili (Native)

Location: Nairobi, Kenya

Availability: Full-time, available immediately
